

ASWC Crossover Policy

- An All Star cheer athlete is limited to crossing over to no more than 1 (one) additional cheer teams within their program at All Star World Championships.
- An individual will not be permitted to crossover from one gym/program to another during the same event.
- Exception: An athlete from one gym/program without a Level 7 team may crossover to another gym/program's Level 7 team so long as they do not exceed the maximum number of teams permitted.
- Athletes that crossover to dance teams do not adhere to these limitations. Dance participants can crossover to cheer teams. Adjustments will not be made to the cheer schedule if there are conflicts on performance times. We will do our best to accommodate for conflicts.
- If an athlete is on a Prep team, they can not compete on an Elite or International team at the same event.
- Athletes are allowed to crossover from Elite to International teams since International teams are considered Elite Divisions.
- Athletes are allowed to crossover from Novice to Prep or Elite teams. They are also allowed to crossover from Novice to International teams since Novice teams are noncompetitive by structure.
- Athletes can cross up or down a maximum of 2 levels at ASWC
