Once you have registered, the assigned hotel information will show up on your invoice, middle of the page, above the guests listed on your reservation. Allow 48 hours for hotel assignments to show up on your invoice before November and up to a week during the busy season (December - March). Please email tara@openchampionshipseries.com if you are outside of the normal wait times and do not have your room assignment.

Question: I need a wheelchair accessible or ADA room. Where can I notate that on my account?

When creating your account, please add this info to the “Special Notes” section of your registration. If you have already completed your registration and need to add this info to your account, please submit a change request with this link: [CHANGE REQUEST FORM](#)

Question: I am trying to register and I don't see my gym/program name. Can you help?

Programs/Gyms must be registered for the event with rosters prior to parents/guests registering for lodging. Please check with your program to ensure that they have registered for the event and uploaded rosters. If they have not completed this process, you will need to wait to make your reservation until they do.

Question: How much is registration for a coach with no park pass?

When you register for the Allstar World Championship, registration for two coaches per team is free. If you need to register an additional coach(es), the price is \$120 per coach. Only those registered as coaches are eligible to enter the warm up room and other coach/athlete only designated areas.

Question: Do I still have to pay my gym my participant registration fee if I book a lodging package?

You will still be required to pay your program for your athlete's registration fee for participation in the event. The registration you are paying for through your portal is only for the lodging package or commuter passes and not for event participation.

Question: What is the \$169 athlete credit for on my invoice?

Think of your athlete as having two separate registrations. One is for their hotel and one is for the event. Your gym is registering your athlete as a participant. You are registering them as a hotel guest. The lodging package total includes your athlete's event registration amount. However, a credit in the amount of \$169 is automatically applied to your guest lodging registration when you choose your athlete from the drop down menu at time of registration. This credit is applied because your gym has already been charged for the athlete to participate so you do not need to pay for it again. You will pay your program directly for their competition fee.
